

AMENDMENTS

Submitted herewith is one set (121 sheets, Figs. 1A-1X) of drawings to replace all previously submitted sets of drawings for this application. The amendments on these replacement sheets include removing non compliant indicia; adding identifying indicia; and adding numbering of the views on each sheet of the drawings.

REMARKS

The Notice states that the figures are without proper labeling for a continuation. Submitted herewith are replacement drawings that amend the original figures only to correct the informalities stated in the Notice and to be in compliance with 37 CFR §1.84. The amendments made on these replacement sheets contain no new matter. Therefore, these replacement drawings should overcome any informality in the previous drawings and all outstanding requirements should be met. Accordingly, the Examiner is respectfully requested to withdraw the outstanding informality and to pass the application to issue.
